

School of Sciences & Mathematics Undergraduate Summer Research STUDENT Application

SSM undergraduate students are invited to apply for funding which will enable them to conduct summer research. Stipends/salaries in the gross amount of \$4000 are available to successful applicants. Students conducting a 10 week project with a College of Charleston research mentor will be given priority. Mentors must also submit a matching application.

Applications are due by 11:59 p.m. on Wednesday, February 6, 2020. Applications are timestamped and those received after midnight will not be accepted.

Name (Last, First) *

Student, Sally

College of Charleston Email Address *

Research Statement

In the space below, please provide a detailed, one-page statement that describes the research you will be conducting and how this research fits into your career goals. You may copy/paste a Word document to ensure the length of your statement. *

Research statement

In the space below, please describe any prior research experience both on and off campus. *

Research experience

Have you also applied for a 2020 SURF grant through the Office of Undergraduate Research and Creative Activities urca.cofc.edu? *

YES

NO

Student Agreement

COMMITMENT: I understand that I am expected to spend 40 hours per week for 10-12 weeks on my research as confirmed by my research mentor and that this will be the only research funding I am receiving during this time period. *

Agreed

PRESENTATION: I understand that I am expected to present my research at either the URCA (August 2019), INBRE Science Symposium, or SSM (April 2020) research poster sessions. Graduated seniors will have an opportunity to present in a departmental session before leaving campus. *

Agreed

FOLLOW UP: I understand that I am expected to keep my research mentor informed about my career plans before graduation and my career progress after graduation. I will also respond in a timely manner to any surveys about my experience. *

Agreed

SAFETY: I understand that I am expected to follow all safety guidelines established by my department and faculty mentor and that I will complete safety training appropriate to my research. *

Agreed

GEOLOGY Students: I understand that I must have completed GEOL 105 with a grade of C+ or better.

Agreed

ENROLLMENT: I understand that I must enroll in my department's zero credit research course and that this enrollment requires a small fee (~\$15.) *

Agreed

Typing your name and date shall constitute an electronic signature and acceptance of the understandings presented in the section entitled "Student Agreement." *
